AC milan pseudo technology stop Mr Ball three meters high

Debut, the second goal, assists aquilani at AC milan (the Po) have a proud, but the beginning of debut assists, and even adriano galliani placed a "he is that we want to find left centre-half" later, aquilani never going back to the left of the position of the avant-garde to Naples, the goal was really beautiful, but in after this game, lai Gerry o or to say: "good, but the performance of alberto aquilani and BoATeng characteristics different." What BoATeng characteristics? Lai Gerry o special emphasis, "he can plug in rob some after from." Of course, this kind of attacking midfielder alberto aquilani is not much, this is also not required reality, but even if is as a conventional playmaker, aquilani today AC milan in the match against udinese, performance are also not satisfying.

According to statistics, aquilani OPTA must not too qualified, the success rate of only 16.7%, one for the team, as the main attacking midfielder, lowest passing only 1, the threat as the secretary of the defensive midfielder nocerino (twice), if the first-half performance is alberto aquilani the quadrature of words moncler ladies , so it's a real mistake in the second-half constantly, direct from his feet in passing, stopping the ball as many as seven times, errors of 50 minutes to turn around and meet alessandro nesta passing the ball, direct together quickly stop 3 meters, be cut down, is the most Antonio di natale said not past, 60 minutes, temporary conversion to the small of the back position alberto aquilani refused to combination of, the ball will be back to knock at centre-back after running up to alessandro nesta, lead to alessandro nesta and silva had to wait for cross, mark van bommel-the player from the front, caused the ran back his boos. And in the first 36 minutes by the other party, and steals frontier 43 minutes counterattack will be the ball to each other on foot, let the other side on-site to launch a counter attack, and all the caused a false alarm. After the game, the whole market "to the pass mark 5.5 alberto aquilani, wrote," when less than state of Naples." Should say, to Naples game, aquilani at least the space is larger, but udinese defense accept more closely, more, although the number of so-called technical flow, but in the narrow space alberto aquilani ball technology actually not like Antonio cassano, goss of Italian so fine people, etc.

Although two consecutive alberto aquilani as the main attacking midfielder, but in fact, he had lost his most important position, because in AC milan is as "left midfielder" will he introduced, and clarence seedorf is AC milan playmaker position on the bench, but was important, in case it with seedorf play left midfielder alberto aquilani, seemed to play attacking midfielder alberto aquilani to lazio in the game, in the sense of position left midfield defence, o lai Gerry can't be happy. Even in the attacking midfielder alberto aquilani position take out again good data, but can plug in and in the frontcourt to rob the BoATeng, o in lai Gerry idea of the position is hardly anyone beyond additionally, robinho also can call this position, if in the left midfield can't find place, then aquilani is also hard to the playmaker position in show a day.

But the outlook is alberto aquilani remain very optimistic, yesterday, aquilani agent firm different ways of publicly said: "aquilani is likely to stay at AC milan." In fact, according to AC milan and Liverpool to sign the contract, once this season 25 games played alberto aquilani above, AC milan will pay the cost of 6 million to Liverpool buy alberto aquilani 1, now alberto aquilani on it, but was forced to. At the beginning of this contract is signed, guarantee in at least a dozen alberto aquilani a main substitute, to buy out his, but AC milan midfielder injury http://www.222

, is achievement constantly aquilani, whether he good and bad, as long as no big injuries, next season in AC milan should be a problem.
