

[Trekking Guide Recommendations In Nepal Sanjib](#)

Silvana Pagani from Italy wrote in 2011 about my experience in Nepal and recommends as guide, Sanjib Adhikari.

This year at the end of february I went in Nepal for 18 days for the second time and I did a small trekking in the Annapurna region, I went to visit Pokhara, Kathmandu, Bakthapur and Nagarkot and I saw the National Park of Chitwan and in this trip I had the pleasure to meet Sanjib Adhikari.

He is an independent trekking guide and tour operator in Nepal and he has already obtained trekking guide license from the ministry of tourism, government of Nepal.

In his work Sanjib is a person very responsible and serious, very helpful and attentive to his customers, he knows very well the mountain because he has many years of experience and is also an excellent guide for visiting the cities.

He is someone very competent in his work and always ready to find the best solution, if necessary and speaks English very well. During the trekking and the tours he will tell you many interesting things about culture, about life in the villages, mountains, history and traditions in Nepal.

The best thing is that Sanjib loves his country very much and loves his work and always manages to convey all his enthusiasm with simple ways and always with the smile. He is a very nice person and is always attentive to the needs of his customers. Sanjib is also very funny and after this experience we became a very good friend. Next year at the end of January I will return for the third time in Nepal and Sanjib will be again my guide. ☺ .

For these reasons I am very glad to report all references of Sanjib.
