

We know how much your account means to you and how much time and effort you've invested. Unfortunately, there are some unsavoury people out in the cyberverses who spend their entire time thinking up new ways to try to hijack your account. It can be hugely frustrating if you are unfortunate enough to lose your account to a hijacker or a phishing scam; the hijacker doesn't care how much time you have invested in your account, and certainly doesn't think twice about the effect its loss has on you. To help keep your account safe, [rs 2007 gold](#), we have developed the Jagex Account Guardian, which enhances your account security very quickly and easily. We're committed to looking after you, and JAG is a significant upgrade to the existing security measures we've implemented this year. When enabling JAG,

[rs 07 gold](#)

, we'll ask you to answer five security questions, and then to add trusted devices to your account. These trusted devices will be the only devices authorised to access your account.
